Written by Mathew Collins and Nicky Barclay, How to Live and Work in the UK is an essential guide for:

- students planning to come to the UK to Live, Work and Study
- Agents recruiting

British Consulates around the world are currently taking one month to process most Tier 4 Student Visa applications.

If you have any candidates for the January 10th intake this is your last opportunity to finalise their enrolments. You must always allow time for visa applications to be approved and flights to be booked!

We currently have a limited number of places available for students in the January session. Do not delay, [apply today!!!](#)

### DRASTIC VISA POLICY CHANGES ANNOUNCED BY THE UK GOVERNMENT

On 24th November 2011 the Home Secretary, Theresa May, announced substantial changes to visa policies in the UK for Tier 1 and Tier 2 visas. The Home Secretary also confirmed that the Tier 4 Student Visa route is under vigorous review. To read the full Press Release visit [here](#).

To avoid disappointment we strongly recommend applications are submitted at the time a candidate meets all visa criteria. This is the best way to ensure agents can maximise their commissions.
